## **Mentionables:**

- 32 campers attended Junior Coed 2021. Campers were from Moncton, Saint John, Fredericton, Minto and Chipman.
- Each cabin had a minimum of 2 leaders. Leaders were from Moncton, Saint John, Fredericton, Minto and Chipman.
- Lori Perley, Registrar, was present to take registrations along with Lauren.
- Every camper stayed the whole week!!!!
- This was an awesome first year of JR Coed being back up and running. We received several messages from parents saying their child couldn't wait to return next year - right to the heart.
- There were a few hiccups, food was definitely underestimated (we were trying not to bombard Steve and thought we could do it on our own - lol), we didn't have as many leaders as we thought we would - still made it work though, and one FB Post from a parent who didn't approach Ashley, Matt or myself about an issue - the child supposedly wanted to go home multiple nights in a row and 'we wouldn't let him call home'. Ashley wrote a report to the parent and emailed them in which we received a response that didn't have accurate information. The parent proceeded to send each kid to Day Camp as well
- Chelsie ever so bravely took on the role of Canoe Instructor and I think it's important to mention/give a shout out because every single kid got in a canoe that week!!! Which is huge and shows that we have our campers trust.
